

Gulf MACH 105 Unleaded

DESCRIPTION

For street and off road racing engines requiring the use of unleaded fuel. Gulf MACH fuels provide unleaded performance that exceed leaded gasoline products. Rather than creating an unleaded gasoline with light and volatile components, Gulf replaced the lead with a less harmful additive package that provides better lubricity and detonation resistance than leaded fuels. Get the lead of your race gas by using Gulf MACH 105. Does not contain ethanol or any other oxygenate, so it has a very long shelf life and will now draw moisture like ethanol based fuels.

Gulf Mach 105 with not harm catalytic converters or oxygen sensors.

HEALTH AND SAFETY

This is a flammable liquid and must be kept away from open flames and ignition sources. This product contains tetraethyl lead and other components that are harmful and cause irritation upon contact. Do not ingest or breathe the fuel or its vapors. Wash away any fuel upon contact. Have adequate venting of vapors. Wear eye protection. Empty containers should be properly marked and disposed.

TYPICAL CHARACTERISTICS

R+M/2	105
RVP	6.3
Oxygen Vol%	0
Specific Gravity	0.75
Color	Clear
